Jollybreeze.com

Saint Andrews, NB

THE PICTURE

From the historic shores of Saint Andrews, across the green-blue waters of the Bay of Fundy, beyond where the Old Sow whirlpool churns and the East Quoddy lighthouse shines, live some of the last great wonders of the world. Yes! We have feeding whales, playful porpoise, soaring eagles, sunning seals, sometimes Puffins and more. Much more! Incredible tides rush between the islands, whilst you 'zip' over the waters and experience the fullest of the ocean salt air and Bay of Fundy wonders.

THE STORY

Your hosts Joanne and Robert Carney purchased the 72-foot 'Jolly Breeze' Tall Ship in 2004 and have taken out over 100,000 guests on whale watching adventures departing from Saint Andrews, NB.

We expanded in 2016 with our new high speed jet drive vessel. Previously used as an FBI boat, this 33-foot aluminum hulled Zodiac Hurricane is capable of speeds up to 40 MPH with dual 315 HP jet drives (630 HP!) Speed will be adjusted for sea conditions, guest comfort and wildlife viewing. Experience the excitement of high speed adventure and Bay of Fundy whales and wildlife.

THE SAFETY

The vessel exceeds Transport Canada regulations, is equipped with advanced navigational equipment and a life raft. Flotation suits are not required but are available for your comfort. This is the only vessel in Canada with individual shock mitigation seats (SEASPENSION™). There is a bathroom on board for your convenience.

"AHOY!"

Your hosts Joanne and Robert Carney purchased the 'Jolly Breeze' Tall Ship in 2004 and the 'Jolly Hurricane' Zodiac in 2016. We are able to combine our biggest loves...

**Natural Wonders, High Seas Adventure
and Smiling People.**

WHALE WATCHING

This vessel's speed and our extended 2.5 hour VIP tour makes this adventure your best chance for seeing whales. Successful encounters with whales exceeds 95%. Your experienced licensed Captain will provide ongoing wild life interpretation. Our high speed vessel provides opportunities to see whales further off shore, season depending. Comfortable individual forward facing seating, with 5" cushioning and a custom built in shock absorption system. On board private bathroom.

"Worth it just for the ride!"
